

MATH

Use the following to complete the writing activities:

- The activity pages that have been checked off below.
- a pencil
- crayons
- color pencils
- dice
- other: _____

Name _____

CALENDAR SKILLS

Today is _____

Yesterday was _____

Tomorrow will be _____

the season is _____

The Month is _____

Days	Number	Season	Weekdays	Saturdays	Sundays	Days	Weekdays

How many even numbered days are in this month? _____

How many odd numbered days are in this month? _____

How many Saturdays are there in this month? _____

Write an observation about the calendar.

CALENDAR SKILLS

To complete the calendar activity, the students will fill in the dates sequentially for the current month and identify the days as prompted. Explain the steps to them. This activity would be best completed . . .
_____ together as a class _____ in small groups _____ with partners _____ on their own

Name _____

Roll and Compare

Roll the die. Write the number in the first box. Roll again. Write the number in the second box. Compare the two numbers. Write the symbol ($>$, $<$, or $=$) in the third box. Repeat the activity 10 times.

ROLL & COMPARE

To complete the activity students will need the paper and a number cube. Explain that they will roll the cube and write the number in the first box. Roll it again and record that number in the second box. They then compare the two numbers using the $>$, $<$ and $=$ symbol. You should first model how to do this for the students.

_____ together as a class _____ in small groups
_____ with partners _____ on their own

Name _____

Roll and Compare

Roll the die. Write the number in the first box. Roll again. Write the number in the second box. Compare the two numbers. Write the symbol ($>$, $<$, or $=$) in the third box. Repeat the activity 10 times.

ROLL & COMPARE 2

This version is like the one above, but the students will need to create 2-digit numbers prior to comparing them.

_____ together as a class _____ in small groups
_____ with partners _____ on their own

MATH ACTIVITIES

Name: _____

CALENDAR SKILLS

Today is _____

Yesterday was _____

Tomorrow will be _____

The season is _____

The Month is _____

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

How many even numbered days are in this month? _____

How many odd numbered days are in this month? _____

How many Saturdays are there in this month? _____

Write an observation about the calendar:

Name: _____

NUMBER of the DAY

Today's Number is

Show that number using hundreds, tens, & ones

<input type="text"/>		<input type="text"/>	•
<input type="text"/>			

What is 10 more?

What is 100 more?

Show the number using tallies.

What is 10 less?

What is 100 less?

Write the number in expanded form.

Write the number in word form.

Is the number
EVEN or ODD?

Write a number that is less than and a number that is greater than the number of the day.

<input type="text"/>	<	<input type="text"/>	>	<input type="text"/>
		number of the day		

Write the number in the boxes below and solve.

<input type="text"/>	+ 20 =	_____	<input type="text"/>	- 20 =	_____
<input type="text"/>	+ 30 =	_____	<input type="text"/>	- 30 =	_____
<input type="text"/>	+ 40 =	_____	<input type="text"/>	- 40 =	_____

Use the back of the page to write equations that equal the number of the day.

Name: _____

Roll and Compare

Roll the die. Write the number in the first box. Roll it again. Write the number in the second box. Write the $<$, $>$, or $=$ sign in the circle in the middle to compare the numbers.

Name: _____

Roll and Compare

Roll two dice. Use the numbers rolled to create a 2-digit number. Write that number in the first box. Roll them again and write another 2-digit number in the second box. Write the $<$, $>$, or $=$ sign in the circle in the middle to compare the numbers.

Name: _____

Seven Snakes

The object is to cross off all the numbers before you cross off all the snakes. Roll two dice and add the numbers together. If the sum equals a number below, write the equation next to the number. If the sum equals 7 cross off a snake.
